INVESTORS INCREASE HOLDINGS IN McAFEE COMMON STOCK

Santa Clara, California -- December 20, 1993 -- McAfee Inc. (NASDAQ: MCAF) reported today that Summit Partners and TA Associates purchased an aggregate of 2,000,000 shares of the company's common stock from the J&J Trust, of which John McAfee, founder and chairman of the board of directors, is a beneficiary. The shares of common stock purchased are not registered under the Securities Act, are subject to certain restrictions, including limitations on trading for a two year period, and, as a result, were purchased at a significant discount to the company's current trading price.

Summit Partners and TA Associates were investors in the company prior to its initial public offering and each owned significant amounts of stock prior to this transaction. Summit Partners and associated entities now own 2,871,250 shares of common stock of the company representing approximately 25% of the total common stock outstanding. TA Associates and associated entities now own 2,719,117 shares of common stock of the company representing approximately 24% of the total common stock outstanding. The J&J Trust now owns 1,659,880 shares of common stock of the company representing approximately 15% of the total common stock outstanding.

William L. Larson replaced Mr. McAfee as chief executive officer at McAfee in September. Mr. McAfee also recently resigned as chief technical officer of the company but remains chairman of its board of directors.

Based in Santa Clara, California, McAfee was founded in 1989 and is today the leading provider of anti-virus software. The company's software is distributed through computer resellers and electronically through a network of bulletin boards, CompuServe, America Online, Internet, and through a unique network of 180 authorized agents who provide local sales and technical support.
